All displays, crating, etc. must be placed as to allow passage of vehicles to their designated area. Show management will request the moving of any obstruction to ensure the vehicles move in according to the move-in schedule. If any crates remain in an area and have not been contracted to be removed and stored, the Auto Show Committee will order them removed and stored by the decorator, and your line group will be responsible for all charges.

All literature may be brought into the show one (1) hour prior to opening each day. No deliveries are allowed during show hours. Literature cannot be stored where the public can see it. Line groups must arrange with the decorator for delivery of literature if it is not carried into the building by the line group personnel (this applies to booth rentals also). VEHICLE MOVE - IN (GO TO DOCK #19)

To guarantee a safe and orderly move-in, we urge your cooperation in making sure that all vehicles follow the move in schedule listed below. Exhibitors in each space must allow 300 square feet per car and 400 square feet per truck.
